230 Madison Street, Suite 1E  
Oakland, CA 94607

Dear Lisa,

Enclosed find a \$300 donation for Rebuilding Together Oakland East Bay. This donation is made on behalf of the Construction Specifications Institute, East Bay-Oakland Chapter members. We are a local chapter of a national design and construction association dedicated to education in the industry. We hold a chapter Holiday Dinner each December and have a silent auction with proceeds going to local charities.

We have been donating to RTO for several years and appreciate your efforts helping people in need.

Thank you and the rest of your staff for all the help and support you give to our community. We hope the New Year brings continued successes for your organization.

Sincerely,

Dan Galvez  
CSI East Bay/Oakland Chapter  
President
