

# “FINISH FAILURES” SYMPOSIUM LEARNING OBJECTIVES

November 19-20, 2020 | Presented by CSI/AIA East Bay Chapters | 4 HSW LU's

**AIA**  
East Bay

---

## 1. **Paint Failures**

*Stacie Anderson LaGrange & Rose Garrison | Benjamin Moore Paints*

Participants will be educated on failures of paints and coatings by Panel Discussion with industry representatives, and how to meet local health requirements for protection of applicators and the public.

## 2. **Tile & Stone Failures**

*Rich Galliani, Licensed Tile Contractor | Technical Director. TSC Northern California*

Participants will note tile and stone failures in exterior walls by failing installation methods creating safety hazards; new standards by the Tile & Stone Council of Northern CA.

## 3. **Stucco & EIFS Cladding Failures and How to Avoid**

*Christine Diosdado, P.E., MS, CSI | Associate Principal, Simpson Gumpertz & Heger*

Attendees will learn why stucco and EIFS systems fail, and possible solutions by expansion joints and installation procedures; coatings vs integral color.

## 4. **Decay in Exterior Elevated Elements**

*Leslie Scheppelmann & Henry Sweat | Wiss, Janney, Elstner Associates*

Attendees will observe decay in exterior elevated elements such as balconies, and note resulting changes in local Building Codes for public safety.
